

Nespresso Coffee Machine – Guest Use Guide

Enjoy premium coffee during your stay with the Nespresso machine. Follow this quick guide to make the perfect cup with ease.

Getting Started

1. Fill the water tank at the back with fresh water.
2. Plug in the machine and press the power button.
3. The lights will blink while heating up (about 25 seconds).

Brewing Your Coffee

1. Lift the lever and insert a Nespresso capsule.
2. Close the lever firmly.
3. Press the espresso (small cup) or lungo (large cup) button to start.
4. Your coffee will be ready in seconds!

After Use

- Used capsules drop into the internal container automatically.
- Empty the drip tray and capsule container regularly.
- Rinse the water tank and refill daily for fresh taste.

Cleaning & Care

- Wipe the exterior with a soft damp cloth.
- Run a cleaning cycle weekly: without capsule, press the brew button to flush water through.
- Do not immerse the machine in water.

Descaling (if needed)

- If the coffee output slows or the light blinks in a pattern, descaling is recommended.
- Use a Nespresso descaling kit and follow on-screen/manual instructions.
- This should only be needed every few months.
